## PAYMENT ORDER OF ITEMS

The law permits us to pay items (such as checks or drafts) drawn on your account in any order. To assist you in handling your account with us, we are providing you with the following information regarding how we process the items that you write. Any ATM withdrawal and debit card payments will pay first. Any ACH payments will pay second. Any customer checks presented at a teller window will pay third, in numerical order. Fed Letter checks will pay fourth in numerical order. Automatic Bank of New Madrid loan payments will pay last. By paying items in numerical sequence, we believe our policy provides a reasonable balance between minimizing costs to you and paying your more important items. We encourage you to make careful records and practice good account management. This will help you to avoid writing checks without sufficient funds and incurring the resulting fees.
